BUYER'S GUIDE · BELGIAN BLOCKS

Before you buy Belgian blocks

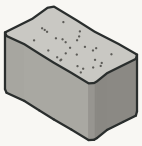

Five checks so your driveway, apron or edging lays flat, looks right and lasts.

1 Pick the right size

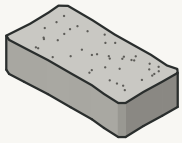

Stones drawn to scale · coverage = stones per sq ft of material

Jumbo
10" × 7" × 4"
Driveways, edging, motor courts
1.83 / sq ft ½" joints

Regulation
9" × 5" × 5"
Aprons, driveways, walkways
2.76 / sq ft ½" joints

Paver
12" × 6" × 3"
Patios, walkways, terraces
2.00 / sq ft laid tight

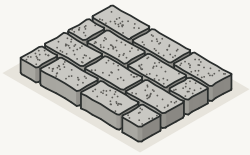

Cube
4" × 4" × 4"
Fans, circles, tight curves
7.97 / sq ft ¼" joints

Landscape
8" × 4" × 4"
Garden beds, lawn edging
1.4 / lin ft ½" joints

2 Check they're uniform

✓ LOOK FOR
Same size and shape

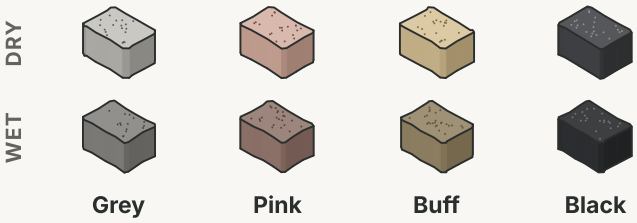

× AVOID
Mixed sizes, wide gaps

Even blocks keep joints tight and lines straight. Wild size differences leave gaps that fill with dirt and weeds.

Chief Bricks: non-tumbled only, one size and shape.

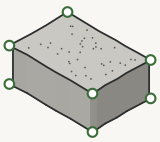

3 See the color dry and wet

Granite darkens in the rain. Make sure you love it both ways, and that the color is natural, not dyed.

Chief Bricks: Jumbo and Regulation in all four colors.

4 Look at the cut

✓ LOOK FOR
Straight edges, crisp corners

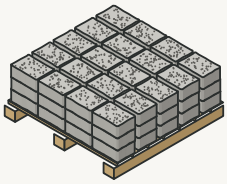

× AVOID
Rounded, chipped by tumbling

Clean, straight edges let stones sit flush for a flat, stable surface. Big chips weaken a block.

Chief Bricks: straight edges, 8 clean corners, every block.

5 Know where it comes from

Our own quarry in India
↓
Imported by us
↓
Delivered to your job site

Buy from a supplier tied to a quarry, so every pallet matches the last. Middlemen may never see the stone.

Chief Bricks: new granite that meets ASTM standards.

Three ways to buy

Pallet coverage with ½" joints (Cube ¼", Paver laid tight)

A sample

One stone (Cubes: four) by priority mail, 1–3 days.

By the stone

Any number, from just one. Good for repairs and short runs.

By the pallet

	Jumbo	Regulation	Paver	Cube	Landscape
Stones	120	178	180	450	255
Covers	65 ft²	64 ft²	90 ft²	56 ft²	180 lf
